

BHADRAKALA

Carving Yourself
Vocational Center & Shelter Home

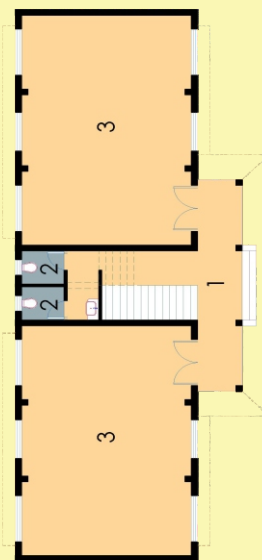

Shri Bhadrashanker & Smt Kalavati

OUR TORCHLIGHTS

BHADRAKALA is a dream project of the visionary leader Dr Nina. BHADRAKALA is a Vocational Training Centre and Shelter Home especially designed for people with Down Syndrome to suit their vocational needs & for their social upliftment & social incorporation. At BHADRAKALA with appropriate training we intend to help them lead an independent life with minimal support.

Dr Nina is a paediatrician, a counsellor & a mentor for persons with Down Syndrome (DS) since more than two decades. She could see a big gap between the formal education being offered to children with DS and the opportunities available for vocational training. The avenues for vocational training for persons with DS are negligible despite they being highly trainable, honest, hard-working, punctual & responsible. To bridge the gap, BHADRAKALA, the vocational training centre for persons with DS has been conceptualised.

	VOCATIONAL BLOCK			
A	HALLS FOR VOCATION - CIVIL CONSTRUCTION	4	21,11,000.00	84,44,000.00
B	VOCATIONAL EQUIPMENTS	2	15,00,000.00	30,00,000.00

Our vision is to train maximum people with DS for different vocations. They are fit for all kinds of vocations except for few that need high levels of cognitive functions. Apart from the course training we intend having different sessions on Yoga, Music, Etiquettes, Life Skills etc.

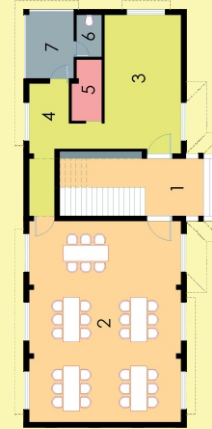

Dr Nina focusses on having an inclusive society. **Our mission** is to make them earn their bread & butter after being trained at BHADRAKALA. For this we will tie up with private sectors & provide trainings as per need & demand. We also intend to give small group trainings so that people from the same city can float private ventures. But in case there is no one to look after an adult with DS we, at BHADRAKALA may consider absorbing him/her as an employee.
